

## E-SCORPION XL

### BALL MOUNT BIKE CARRIER PLATFORM

E-scorpion XL offer convenient mounting, user-friendly functions, heavy duty construction for carrying e-bikes. The large wheel support allows stable mounting of tires up to 4.8" size, and the adjustable upright frame can fit most bike frames. The locking clamp is the perfect solution to attach the bike frame. Simple design, strong and durable.

- Designed to carry e-bikes and heavy bikes.
- High upright frame to fit most frames.
- Locking clamps with pads to secure bike frames from Ø25-60mm.
- Very large wheel trays with strong ratchet straps and protective pads to conveniently secure tires with width up to 4.8".
- The rack tilts down for tailgate access with bikes on or without bikes.
- Lock your bike to the rack and your rack to the car tow ball.
- Safety strap included for extra security.
- Outdoor powder coating for high corrosion and UV resistance.
- ECE approved, XP R18-904-4 compliant.

  - ▶ Tilting : yes
  - ▶ Lighting board plug type : 13 pin
  - ▶ Bike carrier to tow ball lock : yes
  - ▶ Bike carrier to bike lock : yes

#### Useful information:

The maximum permitted load you can carry is also determined by the tow bar nose weight; you will need to check you don't exceed this before using any tow ball mounted bike carrier. Requires 65mm clearance from center of tow ball to rear of vehicle.
